# KONE KSS 280 signalization

# KSS 280 signalization

This functional new signalization family for residential buildings combines clear and simple features, good visibility, and easy accessibility with a sophisticated design.

The KSS 280 signalization family features durable finishing with hairline stainless steel surfaces and alphanumeric LCD displays.

The Car Operating Panel (COP) is surface mounted in the elevator, while the landing stations are surface mounted on the wall or door frame.

## Key features

- EN81-70 compliant
- EN81-73 compliant
- Pin-code operations (including car call locking)

reddot design award  
winner 2012

KONE provides innovative and eco-efficient solutions for elevators, escalators and automatic building doors. We support our customers every step of the way; from design, manufacturing and installation to maintenance and modernization. KONE is a global leader in helping our customers manage the smooth flow of people and goods throughout their buildings.

Our commitment to customers is present in all KONE solutions. This makes us a reliable partner throughout the life cycle of the building. We challenge the conventional wisdom of the industry. We are fast, flexible, and we have a well-deserved reputation as a technology leader, with such innovations as KONE MonoSpace<sup>®</sup>, KONE MaxiSpace<sup>™</sup>, and KONE InnoTrack<sup>™</sup>. You can experience these innovations in architectural landmarks such as the Capital City in Moscow, The Hongqiao Transport Hub in Shanghai, the North LaSalle in Chicago and the Tour First in Paris.

KONE employs approximately 35,000 dedicated experts to serve you globally and locally in over 50 countries.
